INSIDERS REACTION TO THIS PICTURE...

You have had God Ordained Masonry...

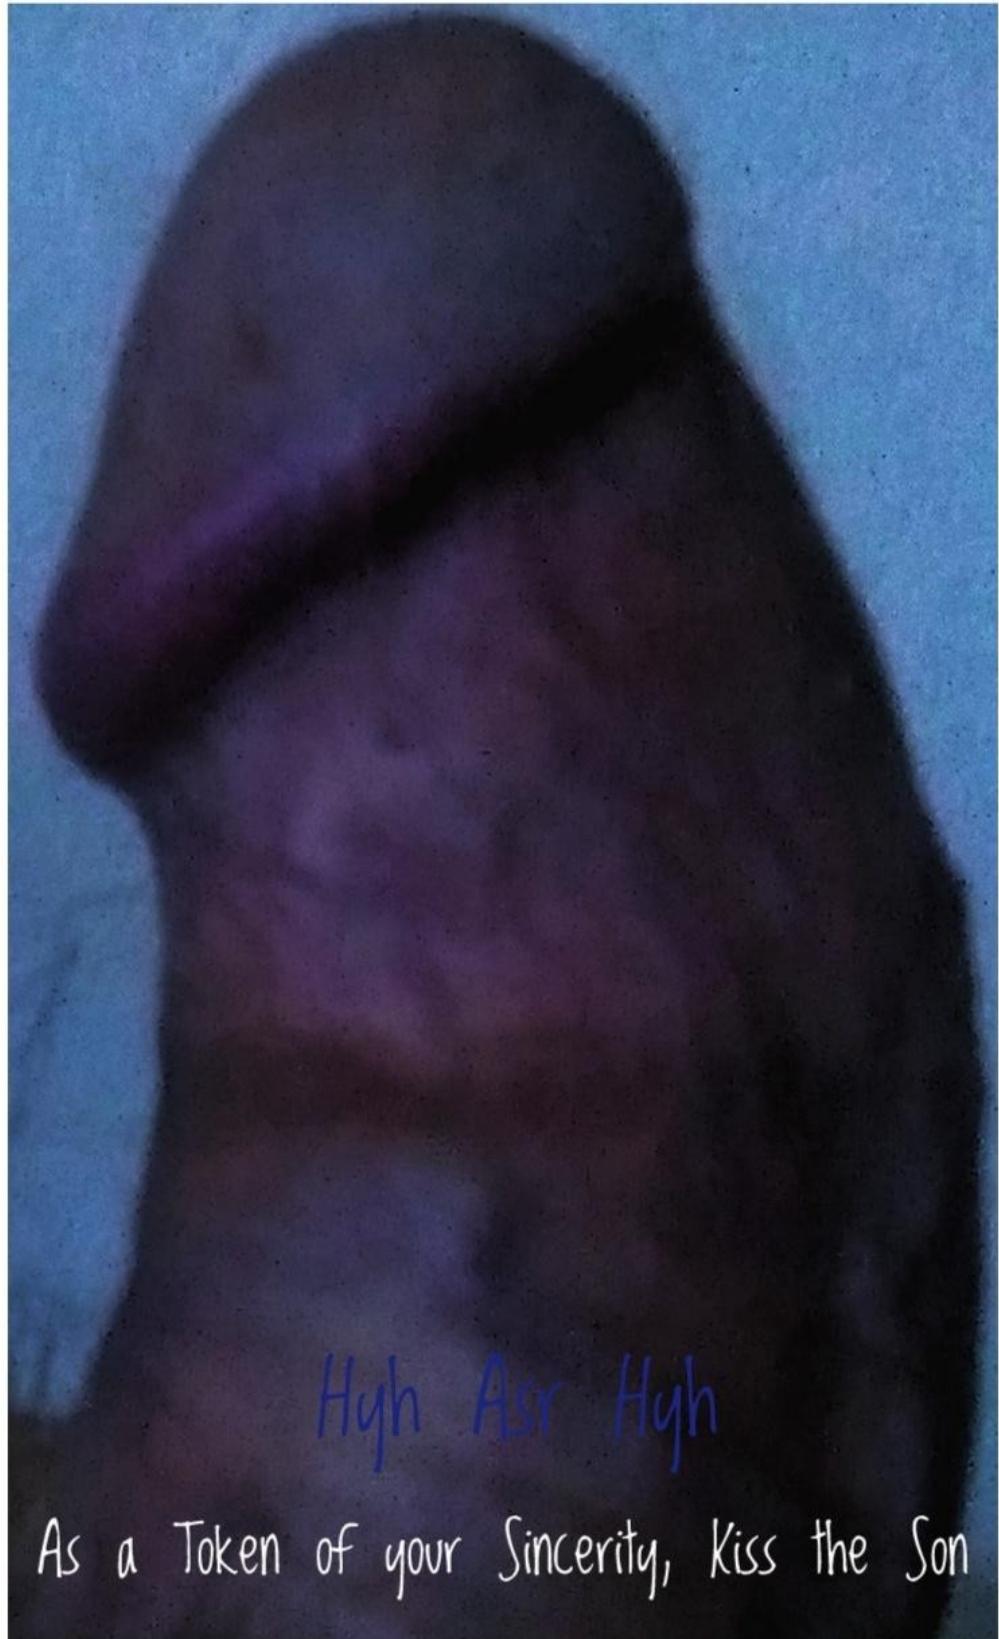

You have had God Ordained Judaism...

You have had God Ordained Christianity...

All of which went out into all the Earth with every Cultural Religion on the Planet, one way or another, originating from the first one and some of you are still fucking up by the numbers. This Brotherhood is, basically, your last chance. If you can't get along with Heh as I have revealed Him in my album on ***Conversations with***

Infinity and elsewhere on my various sites, then you are fucked in the head. Do you think He or I give a shit if you fry in the Lake of Fire forever?

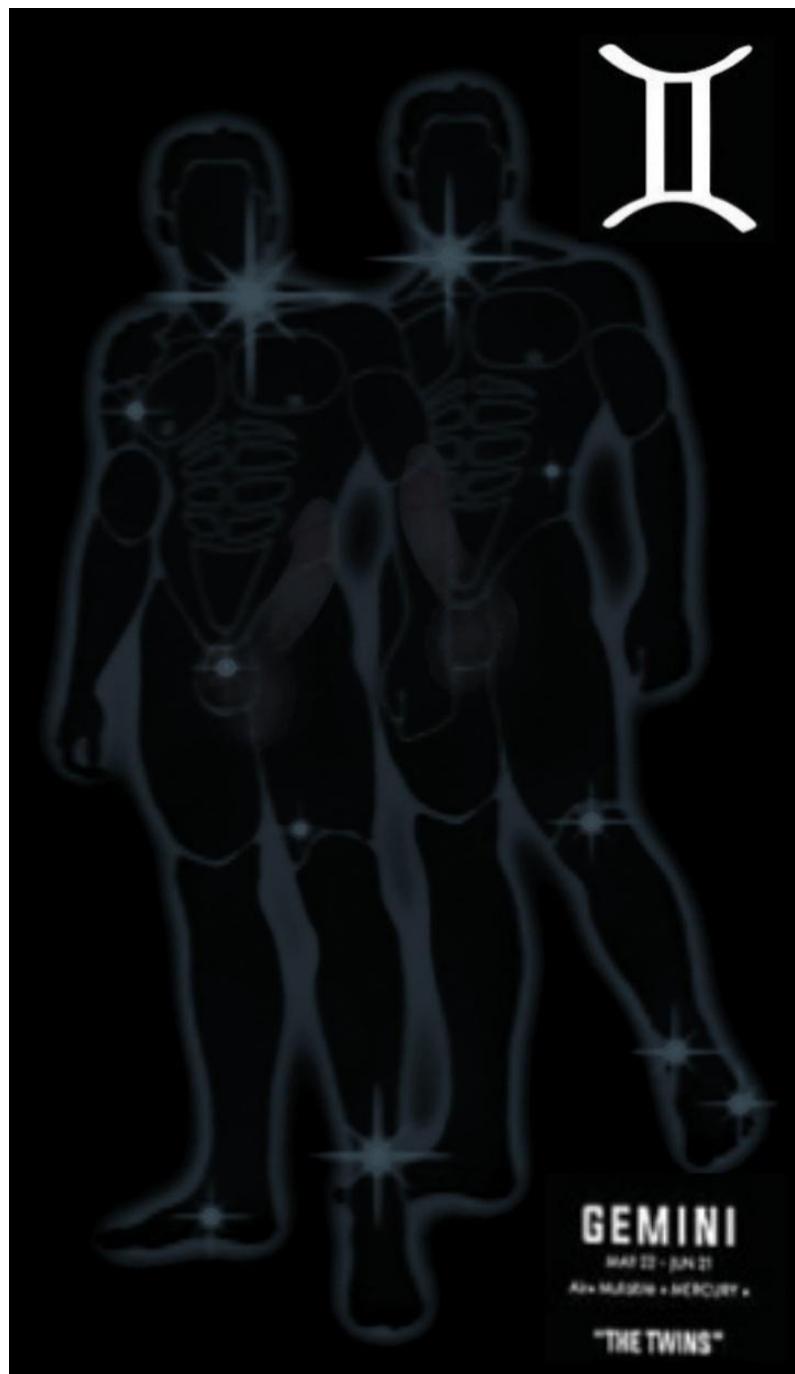

You know how this works...

Hyh Asr Hyh

As a Token of your Sincerity, Kiss the Son

It may save your ass from the Lake of Fire. Heh was with me when I took that picture and, in fact, I was holding it with His Hand and He will know, and that cock is His Cock too. Feel free to print and propagate and use in Initiation Ceremonies...

Here's the original

And, by the way, this Brotherhood is the system that will (in my future everyone else's past) one day spawn Asarian Masonry.

That's Angelic Masonry.
